# Annual Report from 2016

Connie Clendenan, CEO

Happy Springtime to all our Valley Teen Ranch friends & supporters!

Here is our message of **HOPE** for you today, from VTR.

This Newsletter also includes our Annual Report from 2016.

The Valley Teen Ranch Board of Directors, Staff, Foster and Adoptive Parents, Volunteers & all of our partners have successfully completed another wonderful year of bringing **HOPE** and *help* to over 86 new children and youth, which brings our 29 year total to 2073. This number also includes 241 adoptions that we have facilitated to finalization! The age of the oldest youth who have lived with us (which would be our young men in the Group Homes) is 45! Many of our kids stay in touch with us, especially through social media. They use that method to stay in touch with each other, too. Whenever I hear from kids (which is very often) they always ask about the other kids they lived with, staff and/or foster parents. Those relationships were often times the best relationships they have ever had. ***The very first young man who successfully completed our group home***

***program in 1988 is coming to our 30th Anniversary Celebration on May 12 at Wolf Lakes Park. He's coming all the way from Seattle! You will want to be at our party to hear his story!*** You will also be able to meet and hear from one of our first young ladies who came to us in foster care & one of our adopted babies...who is now 10 years old. These kids, like all of our children and youth, came to us from broken relationships, struggles and not much **HOPE** for a bright future. God's plan/purpose obviously took a different path to get them where they are today. God uses us at Valley Teen Ranch to bring **HOPE** to these vulnerable children and youth.

Actually on **May 12** we are going to launch our new Logo, Mission, and name!!!! This year began many new changes in our field of *work*, brought on by legislative changes for all of us in this type of *work*. Since we began our *work* at the "Ranch" in the "Valley" for "Teens" we have expanded to serving children and youth from over 30 counties in our State. These young people come to us from the Department of Social Services and/or from the Probation Departments. They come to our **Group Homes** which are now being called "*Short Term Residential Treatment Programs*", into **Foster Homes** with what are now being called "*Resource Families*" (instead of Foster Families), and eventually having the possibility of being **Adopted**, by one of our Resource Families. We also have a **Transitional Living Home** for four young men who have been in some sort of *care* program or jail and are now homeless and between the ages of 18-24. So you can see we have grown/expanded to provide a "continuum of care" for a variety of children and youth into a variety of programs in many counties. The common theme in all we do is provide **HOPE**.

We are basically updating/refreshing our look to reflect more about the **HOPE** that we represent for these kids in all our programs. Our new (refreshed) Mission is, "***To provide HOPE for vulnerable children, youth and families through life changing relationships and experiences.***"

**HOPE** doesn't come in a bottle or thru a prescription. It only takes a small amount of *time* with a hopeful person to start a new journey. Our kids begin to experience **HOPE** which ultimately brings about change in the direction of their lives. They begin their new purpose through relationships with healthy, persistent, loving people who *live* with them, *pray* with them, *love* them, *care* for them, *work* with them, *give* to them, *talk* with them, *walk* with them & show them what options they have to choose. The Bible says, "Faith is what we **HOPE** for but cannot yet see." It also says a small amount of faith (like the size of a mustard seed) can move a mountain. So a small amount of **HOPE**, something like a ray of **HOPE**, can also be miraculous. I will be telling you all our new (Doing Business As, DBA) name at our 30th Anniversary on **May 12**. Our corporate name with the IRS, State & Banks will still be Valley Teen Ranch but we will have a new look and sound. I've given you many hints in this letter....got any guesses on our new name? Are you also noticing my *favorite Four-Letter Words*?

I **HOPE** you will "get it" and "like it!" I also **HOPE** to see you on **May 12**. Call us or go online TODAY to [www.valleyteenranch.org](http://www.valleyteenranch.org) to get your tickets.

***Thank you very much*** for being part of our **HOPE** Dealer Team. As my Dad, RAY used to say, "Stay in the game of **HOPE** with us." We depend on your continued support as we forge ahead for another 30++++ years of sharing a ray of **HOPE** with our Children and Youth.

A handwritten signature in black ink, appearing to read "Connie R Clendenan". The signature is fluid and cursive.

Connie R Clendenan, CEO  
Valley Teen Ranch

## 2016 Accomplishments:

- All Four State Licenses are in Excellent Standing
- We Have a Clean A-133 Audit
- Increased Number of County Placing Agencies
- Boys in Residential Treatment Program Improved Academics
- 31% Successful Completion at the Residential Treatment Program
- Certified 12 New Foster & Adoptive Parents
- Completed 23 Adoptions
- Received HUD Grant for Transitional Living Home

## Goals for the Future:

- Renewal of CARF Accreditation
- Expand Donor Base by 200
- More High School Graduations, Continue Improving Academics and Increase College Enrollments
- Expand the Vocational Training Program at the Ranch
- Recruit & Train 15 New Foster & Adoptive Parents
- Complete 25 Adoptions
- Maintain Capacity at the Transitional Living Home

## Needs List:

- New/Slightly Used Couches
- New/Slightly Used Weight Benches
- New School Supplies
- Walmart Gift Cards
- New Hygiene Items
  - Bar Soap
  - Body Wash
  - Face Wash
  - Deodorant
  - Shampoo/Conditioner
  - Bath Towels

**Fuller Family**

**Boyd Family**

## Meet the Petersens

It was nearly five years ago that we were first introduced to Valley Teen Ranch. They did a presentation at our church that changed our lives forever. We always wanted to have a bigger family, but were unable to do so for health reasons. During the presentation we looked at each other and we immediately knew that God was directing our path to become fost/adopt parents. This is where our journey began.

It wasn't an easy beginning as we had some hurdles to jump through just to become certified. At times it looked bleak but we remained faithful. After 26 submissions, our prayers were finally answered and Kaylynn was placed with us. We will never forget the first moment we saw Kaylynn at Valley Children's Hospital and our social worker, Alicia's response. It was love at first sight. That was just the beginning with Valley Teen Ranch. Alicia was absolutely amazing to work with. She helped us navigate this complicated world of fost/adopt. Within 18 months of placement we were able to adopt Kaylynn and make her part of the Petersen family forever. There were rocky moments but Alicia was always available to calm our rattled nerves. Through VTR's generosity and networking of other foster parents we were able to supply all of Kaylynn's needs. Almost every piece of baby furniture was donated or given to us. The training, fellowship, and appreciation that VTR provides truly makes for an unbelievable experience. You truly become part of the VTR family and you never feel alone to figure this out on your own.

Had our experience been different with Valley Teen Ranch, we probably would not have continued expanding our family. However, in 3 short years we went from a family of 3 to a family of 6. Initially we only wanted to adopt one little girl. Now we have also adopted a little boy and became foster parents to a teenager. We never expected to take in a teenager or to adopt another little boy. At most we thought we would adopt another little girl so Kaylynn would have a sister to grow up with. God and Valley Teen Ranch had other plans for us though. When Alicia called and told us that they had some newborn boys available for placement we couldn't say no. She knew we were looking for a girl but she took a chance that we would be open to a newborn boy. She was right, and now we have adopted Joshua after he was placed with us at 2 days old.

Our biggest and most blessed experience has been fostering a teenager. Initially we were asked to provide respite care. By the end of the weekend, he didn't want to leave. Here we are with nothing to offer this young man but ours & God's love, but yet he wanted what we had. That broke my heart. Carson has been with us for nearly 3 years now and we are in the process of finalizing his adoption. It's been a wild roller coaster ride with him but we could not be more proud of him as he is a true success story. There have been several times when either he has wanted to quit or we have wanted to quit. We truly believe that if it wasn't for the hard work and caring disposition of the social workers at Valley Teen Ranch, Carson would be somewhere else. They have been able to facilitate discussions and help with getting issues resolved. Today he is a thriving young man. He is getting A's & B's with no help in his classes, he has a job. A drivers license and bought his first car. All of the glory and praise goes to God and Valley Teen Ranch for his success. It has been a learning process for all of us and we are so thankful and blessed to have Carson want to become part of the Petersen family forever. Thank you Valley Teen Ranch for making this possible!

# Memorials

**A memorial gift is a very special way to express love and sympathy to bereaved families. It takes the memory of a friend or loved one and invests it in the future of a child at Valley Teen Ranch. Honorariums are also a way to recognize someone special by honoring them with a gift to help build a better life.**
