

Building a foundation for life.

Become a Resource Family for Local Foster Children

It all starts with the willingness
to open your heart and home to
a child who needs you

Do you want to make a difference in the life of a child or Youth?

There are thousands of children in California's foster care system who require temporary out-of-home care because of neglect, abuse, or exploitation.

There is an ongoing need for Resource Families who can support children and their families in Fresno and Madera Counties

Homes are needed for children, but also for sibling sets, teenagers, and children with severe emotional needs.

For more information and to register for our Resource Family Orientation please contact
